# Fabrocini's

## Beverly Glen

In 1981, our father, Vincent V. Fabrocini first opened his Italian kitchen in Tarzana. He always used the best ingredients. He taught us to cook by hand and taste, never by measure. He used family recipes handed down from generation to generation. We continue this tradition today. This restaurant is dedicated to his memory and his wonderful recipes.

# INAWORLDMUSIC.NET

Creators of the Macabre. In A World... has been creating soundtracks for film, television, commercials, Haunts and theme parks for over a decade. Their haunted sounds are the creepiest around.

Their Children's music is unmatched for quality and fun and is accompanied by some of the cutest puppet videos.

They continue to produce dark and sinister music for the deranged, and family friendly music for the rest. Why do they do both? In A World... is schizophrenic. Yin and Yang, Dark and Light. They remain balanced in an unbalanced world.

They continue to create ways to scare and delight to this day. Enjoy the weirdness that is In A World...
